

MQFNCI/TMQ Series Decorative Compact Floodlights

150 watts

Quartz Halogen

PRODUCT SPECIFICATIONS:

APPLICATION:

Compact quartz floodlights provide illumination for smaller areas such as walkways and entrances. Perfect for landscapes, sign lighting, facades, and security. TMQ Series illuminates two sides of a building with one fixture.

CONSTRUCTION:

Die-cast aluminum housing with deep fins for cooler operation. Die-cast lens frame has concealed fasteners. Silicone gasket ensures weatherproof operation. Available in bronze or white enamel. High luster dimpled aluminum reflector for superior light reflection. TMQ150/TMQ150W includes patented coverplate for fast and easy eave or wall mounting.

OPTICS:

Glass lens is tempered for thermal, shock and impact resistance.

LAMP:

Premium grade 150 watt, T-3 double ended, 120/130 Volt halogen lamp included.

Patent 5,515,252
